

PRESS RELEASE

IMMSI GROUP: FIRST HALF 2025

Although international trade disputes and extensive geopolitical tensions continue to dominate the global scenario, the Immsi Group consolidated its margins in the first half of the year, thanks to careful financial management of its subsidiaries.

The naval sector reported revenue growth of more than 50%, driven largely by the defence division, and is set to continue to improve its results in the coming years by virtue of a sizable order book built up through the significant work of previous years and now worth more than one billion euro. Furthermore, the possible consolidation of the European seabed surveillance and warfare industry offers interesting opportunities to strengthen and maximise the value of the Group's strategic assets.

In the industrial sector, faced with a slowdown in sales as a result of the current trade tensions the Piaggio Group achieved positive margins, and improved its gross margin compared to 2024. In the hotel sector, investments are underway to strengthen commercial operations.

Significant events in and after the first half of 2025

Supplementing the information published above or at the time of approval of the interim report at 31 March 2025 (directors' meeting of 15 May 2025), this section illustrates key events in and after the first half of 2025.

During the first half of 2025, the Vespa lifestyle project "dressed" a series of exclusive localities. Its take-overs included the Is Molas Beach Club in Sardinia, a return to the Paraggi beach in Liguria, and the Baita Sofie hut in Ortisei, at an altitude of 2,410 metres in the heart of the Dolomites. It also recently took the spirit of freedom and Italian chic to the East End with the launch of Vespa by the Pool at EHP Resort & Marina, a favourite resort of New Yorkers set between the bay and the cedar-lined avenues of EastHampton.

On 25 May, Marco Bezzecchi won the Silverstone race, scoring his first success of the season and giving Aprilia its 299th MotoGP Victory.

The Aprilia Tuareg Racing Team continued its successful season. After the victory, for the second year running, at the Africa Eco Race, Jacopo Cerutti won the Hellas Rally Raid 2025 and the Ro Rally Marathon in Romania.

In July, Piaggio converted its 200 million euro revolving credit line into a sustainability-linked facility. In line with the group's commitment to sustainability as a core value of its business strategy, Piaggio activated the sustainability option on the 200 million euro revolving credit facility arranged in November 2023 with a consortium of banks. A series of key performance indicators were established together with the targets for the period from 2025 to 2027, which will trigger a margin-adjustment mechanism on the facility.

On 30 July, the subsidiary Intermarine announced that it had been awarded the contract put out to tender by the General Command of the Port Authority - Coast Guard Corps for a value of up to 130 million euro, for the construction of a class of multi-use sea-going vessels and related logistics support, to enhance the Port Authority's intervention and sea search and rescue capabilities. The contract in question was signed in early September.

On 6 August, Intermarine delivered the new High-Speed Craft (HSC) SNAV POLARIS to the SNAV shipping company (MSC Group). A latest-generation ferry with a low environmental impact, the SNAV POLARIS will be used to increase the number of crossings in the Bay of Naples.

Outlook

In the industrial sector, the guidance drawn up for 2025 is still closely linked to the need for a level of geopolitical and economic stability that can have a positive impact on consumers' propensity to purchase.

Given the situation, Piaggio will continue to respond to the current macroeconomic and geopolitical complexities with careful management of liquidity and productivity, and to take a flexible approach to growing investments in the products of its iconic brands and in research, technology and manufacturing sites.

In the naval sector, Intermarine's objectives relate to the completion of its recently acquired contracts and the start-up of work on the important order placed by the Italian Navy, which guarantees a significant expansion to the subsidiary's order book and, consequently, conditions enabling it to optimise production capacity in the next few years. Additionally, it will continue commercial operations in all its business sectors, to take advantage of favourable new market opportunities.

In the real estate and tourism-hospitality sector, the Is Molas subsidiary will continue marketing and rental activities on its residences as well as activities to increase Resort clients for its newly designed hospitality and golf facilities and the Is Molas Beach Club.

The manager in charge of preparing the company accounts and documents, Stefano Tenucci, certifies, pursuant to paragraph 2 of art. 154-*bis* of the Consolidated Law on Financial Intermediation, that the accounting disclosures in this statement correspond to the accounting documents, ledgers and entries.

This press release may contain forward-looking statements relating to future events and Immsi Group business and financial results. By their nature, these statements are subject to inherent risks and uncertainties since they relate to events and depend on circumstances that may or may not occur or exist in the future. Actual results may differ materially from those expressed in such statements as a result of a variety of factors.

This press release contains a number of indicators that, though not yet contemplated by the IFRS ("Non-GAAP Measures"), are based on financial measures envisaged by the IFRS. These indicators – presented in order to assist assessment of the Group's business performance – should not be considered as alternatives to those envisaged by the IFRS and are consistent with those in the Immsi Group 2024 Annual Report and quarterly and half-year reports. Furthermore, since determination of such indicators is not specifically regulated by the IFRS, the methods used may not coincide with those adopted by other companies/groups, and consequently the indicators in question may not be comparable. Specifically, the following alternative performance indicators are used:

- EBITDA: earnings before depreciation and amortisation and impairment losses on property, plant and equipment and intangible assets, as reflected in the income statement;
- Net financial debt: this reflects financial liabilities (current and non-current) including trade payables and other non-current liabilities that include a material implicit (or explicit) debt component, less cash and cash equivalents, and other current financial receivables (ESMA Indications 2021 / 32-382-1138). Net financial debt as determined by the Immsi Group, however, does not include derivatives designated or not as hedges, fair value adjustments of the related hedged items and related accruals, fair value adjustments to financial liabilities, payables and interest accrued on bank loans, and interest on amounts due to third-party shareholders. The schedules in the Half-Year Report on Operations as at and for the six months to 30 June 2025 include a table illustrating the composition of net financial debt.

In drawing up the Half-Year Report on Operations as at and for the six months to 30 June 2025, the Immsi Group applied the same accounting policies as those used to draw up the Report on Operations and Financial Statements as at and for the year ended 31 December 2024.

Immsi S.p.A. said that the Half-Year Report on Operations as at and for the six months to 30 June 2025 will be available to the public at the company registered office, on the website of Borsa Italiana S.p.A., www.borsaitaliana.it, in the authorised "eMarket STORAGE" mechanism at www.emarketstorage.com, and on the issuer's website www.immsi.it ("Investors/Financial Reports/2025" section) as required by law.

The Immsi Group reclassified consolidated income statement, reclassified consolidated statement of financial position and consolidated statement of cash flows are set out below. In compliance with the Instructions to the Regulation for Markets organised and managed by Borsa Italiana S.p.A. section IA.2.6, the reclassified schedules are not subject to auditing by the independent auditors.
